

Perfecting Water Solution World of Safe & Pure

Manufacturer & Exporter Of Packaging Machinery

Product Range ▶

Automatic bottling plants | Jar automatic washing and Filling machine RO plant complete machineries for packaged drinking water plant Started of BIS with the purpose of offering complete water bottling line water bottling Plants all types and turnkey project.

Reverse osmosis is a latest technology to remove all excess total dissolved solids chemicals from water up to 95% it removes bacteria and viruses to a level of 99% it restores the original taste and quality of water other purification methods have no effect on TDS level Of WATER. This is high quality compact RO system using all material 304g, 316L

About Us ▶

We, AMM Aqua pure System ANISO 9000; 2015 certified company began our journey in 2008. we provide complete RO plant for Automatic bottling solutions industry manufacturer, supplier, and exporter of RO packaged Water Treatment Plant, bottle filling machine, jar washing filling machine and many more. We take end-to-end responsibility - planning, integrating and managing, quality, discharge and environmental fronts. By creating* quantifiable benefits for our customers. We are counted amongst the Renowned manufacturers and suppliers of a wide range of water purifiers and all kinds of water treatment plants bottling machines These are requirement, commercial, Industrial as well complete water processing plant with residential areas. We exports approx 20-40% of our total production in Dubai, Tanzania, Uganda, Kenya, Ethiopia. Saudi Arabia, USA and Sri Lanka.

Product & Services ▶

Manufactures and exporters suppliers of Ro plant bottling machines ISI packaged drinking Water Treatment Plant automatic filling machine our range 30 bpm to 100 bpm same automatic Bottle Filling Machine range 20 bpm automatic bubble top Washing and filling Machine range 200 bph to 500 bph manual bubble top Washing machine complete water processing plant with pre filtration Ro plants, post filtration ss sand, carbon fillers, UV System, SS storage tank and Ozonator conveyors and Roller Convey, our company undertakes turnkey projects from concepts to commissioning all king of water processing machines sales and service.

R.O Model of 20,000 LPH ▶

◀ SS Storage Tanks

Features

- Use mineral water storage & Soft drink storage
- Hotel and home
- Mixer tank
- The using of material grade tank 304 & 316
- Our range 500 to 10000 ltr tanks

New Model 6000 LPH BIS Packaged Drinking Water R.O. Plant ▶

Features

- Compact and modular RO systems
- Easy installation, operation and servicing
- Automation available at pro-request
- High quality pumps, valves, high life
- Complete SS304 or SS316 plants available
- Customized designing of plants
- The most efficient services provided
- New model 10000lph RO system

Micron Filter UV ▶

Features

- SS micron filter & UV
- The new model skid mounted
- The most efficient services provided
- Model micron filter UV system
- High quality stainless steel
- Easy operation and long service life

Ozonator ▶

Features

- 3 grams to 50 grams we are using electro rod & Transformer high voltage
- Box of MOC Using SS 304
- Electrical Type
- Power 220V
- Air Compressor Oxygen Perparation both of used

Advantages of our R.O. Plant ▶

Features

- Unique and Modular R.O. Systems
- Easy Installation, operation and servicing
- Automation available at pre-request
- Online product water quality monitoring
- High Quality pumps and Values, membranes for high life
- Complete SS304 or SS316 plant available for order
- All plants are designed according to BIS and W.H.O. standards
- Customised designing of plants
- The most efficient services provided

Some of the industries find extensive usage include ▶

- Own Business Packaged Drinking Water Plant
- Food & Beverage Industry
- Chemical Industries
- Textile Industry & Factories
- Pharmaceutical Industry
- DM Plant

Our Ranges ▶

Features

- 250 litres / hours to 50,000 litres / hour R.O. plants
- Complete S.S. Plants available
- Stainless Steel tanks ranges from 1000 ltrs. to 6000 ltrs. available
- Sand Filter
- Carbon Filter
- Micron Filter
- R.O. System
- Ultra Violet System
- Ozonator

Applications for R.O. Systems Include ▶

- ISI R.O. Plant Drinking Water
- Safe Drinking Water
- Beverage Production
- Carbonator Water

**Complete solution
for water bottling Industry
We provide ISI Names
guide the customer**

Automatic Bottling Machine 40 BPM RFC

Features

- Machine speed from 30 Bottles per minute to 100 Bottles per minute
- Material of Construction : S.S. 316, S.S. 304, Mild Steel
- Variable speed through frequency drive
- No bottle no filling
- Filling nozzle seals made from food grade silicon rubbers.
- No change-over parts for various sizes
- Levels of filling back tank maintained by water level sensors. Rinsing grippers are made by SS 304
- Cap elevator provide for easy loading of caps
- All profile cuttings are made by high precision CNC machines
- Shrink tunnel and inspection lamp provided.

Model No.	Rinsing Value	Filling Valve	Capping Head	Machine Dimension (Monobloc Size)	Bottle Capacity	
AAPS 1200	No	4	1	900X900X2100mm	20	BPM
AAPS 1800	6	6	3	1400X1700X1800mm	30	BPM
AAPS 2400	9	9	4	1800X1500X1900mm	40	BPM
AAPS 3600	12	12	6	1900X2000X2100mm	60	BPM
AAPS 6000	20	20	8	2250X2100X2000mm	100	BPM

*Brand Videojet Coding Inkjet Printer ▶

Features

Simpler operation. Less maintenance. Superior print quality. The Videojet 1220 is engineered to keep your line up and running longer.

Available models in coding machine

- Videojet W620 2line
- Videojet W630 3line
- Videojet 1220 5line

◀ Semi Automatic Filling Machine FC For Water Gravity

Features

- Semi Automatic Filling Machine
- Filling Machine Speed from 24-30 Bottle per minute
- Variable speed through frequency drive
- Easy installation, operating and servicing
- Full unit with stainless steel bottom MS only.

Automatic Bottling Rinsing filling and capping machine monoblock type for 100 BPM our model RFC Water & Softdrinks

Automatic Filling Machine RFC For Water and Soft Drinking

Features

- Automatic Filling Machine
- Filling Machine Speed from 100 Bottle per minute
- Variable speed through frequency drive
- Easy installation, operating and servicing
- Full unit with stainless steel bottom MS only.

Capping Automatic elevator type Bottle Feeding blower conveyor All system and electrical Panel self designing machineries

Bubble Top Filling Machine 20 Ltrs ▶

Features

- Automatic Washing & Filling Machine frequency drive WF
- Variable speed drive and PLC Method
- Washing 1st Section Soap Oil
- Washing 2nd Section Raw Water
- Washing 3rd & 4th Section Mineral Water Inner & Outer
- Washing 5th Section Mineral Hot Water
- 5 Stage Washing after Filling 4 Stage
- Full unit with stainless steel 304 Grade
- Customized designing of plants
- Model Capacity *500 to *750 Jar Bottle Per Hour

Jar Automatic Washing Filling Machine 20 Ltrs ▶

Features

- Automatic Washing & Filling Machine frequency drive WF
- Washing 1st Section Soap Oil
- Washing 2nd Section Raw Water
- Washing 3rd Section Mineral Water Inner & Outer
- 3 Stage Washing Filling 2 Stage
- Full unit with stainless steel 304 Grade
- Customized designing of plants
- Model Capacity *300 *400 Bottle Per Hour

Automatic Jar Inner & Outer Washing Machine 500 - 600 Bph

Features

- 3 Stage Washing Machine
- Section - 1 Soap Oil Wash
- Section - 2 Raw Water Wash
- Section - 3 Mineral Water & Hot Water
- Superior quality 20 Ltr jar washing machines
- Washing section 3
- Production capacity 500 - 600 Bph.
- Power consumption 5 HP

Semi Automatic Jar Inner & Outer Brush Washing Machine 300 - 350 Bph

Features

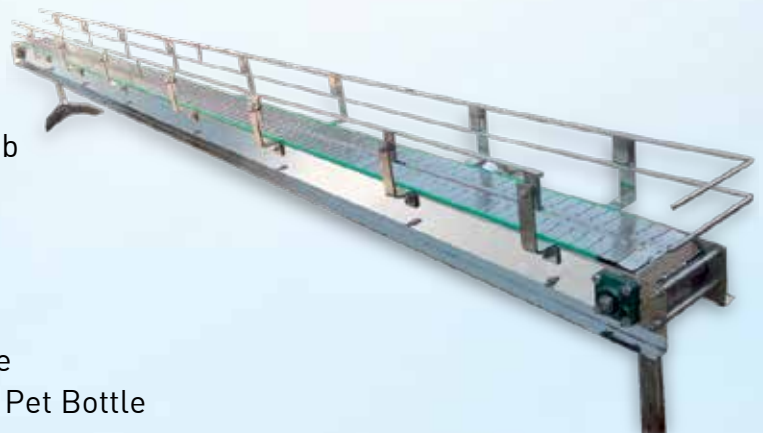

- Soap Oil Wash
- Mineral Water Wash
- Operation and servicing
- Full unit with stainless steel
- Power consumption 2 HP
- Production capacity 300 - 350 Bph

Motorised Jar conveyer

Our Products

- RO packing drinking water plant BIS & Lab
- Automatic Bottle Filling Machine RFC
- Automatic Jar Washing & Filling Machine
- Jar Washing Machine
- Pet Bottle blowing Machine
- Semi Automatic Shrink Wrapping Machine
- Stainless Steel Motorised conveyer Jar & Pet Bottle
- All kinds of water treatment sales & Services & Spares

Bubble Top SS Automatic Conveyer & Roller Conveyer

*Pet Bottle Blowing Machine 2 Cavity Auto Drop ▶

Features

- Compact Design and space saving
- Hydro-pneumatic locking system
- Toggle mechanism for high speed mould close and mould open operation available on pre-request
- Complete operation is controlled by a programmable Logic Controller (PLC) or Micro processor
- Auto drop mechanism
- High Quality valves and cylinders for trouble free operation.
- Production for water, Juice and Soda blowing

Specifications

Machine Type	: Semi-Automatic Auto Drop
Blowing Pressure	: 25kg/cm ²
Mould Thickness	: 160mm
Opening Stroke	: 200mm Total Weight 1 ton
Production	: 800 - 1000 Bph

*Semi Automatic Shrink Wrapping Machine ▶

Features

- Power Supply : 415 V Three Phase
Power Consumption: 15 KW
Speed : 4 to 6 pkts/minute
Range : 1/2 Lts. bottle 6 x 4 = 24 Bottles
 1 Lts. bottle 4 x 3 = 12 Bottles
 2 Lts. bottle 3 x 3 = 9 Bottles
Packing Material : L.D. Film, 100 micron
thickness 500mm & 600 mm
Applications : Mineral Water, Pepsi, Fanta,
Fruity Box and any box packing etc.

ISO 9000 ; 2015 certified company
